Liquor Given Him. Man Tells Court After Raid

Evening Star—One of the proprietors of a restaurant at 222 W. Church St., appeared in police court Tuesday and admitted owning 10 quarts of prohibited beer. A whisky сообщение by the police was seized in a radio and lamp building at 144 W. Third, where two youths who were arrested when the whisky was found will have to stand trial on charges of illegal possession.

### County Commissioners to Discuss Report On Home

Two small boys, whose only support was Mrs. O'Neill and her restaurant, were taken to the detention home Tuesday, where they will remain until they are claimed by their mother, who is attempting to devise a means whereby she can raise \$100 and gain her freedom.

Police are working on the theory that the liquor belongs to the woman who enlisted the aid of the two boys in disposing of it.

Ross Sanfilippo, who pleaded guilty to possessing four quarts of alleged home-made "bootleg," which police found at his home at 113 E. McKibben-st., was remanded to jail under bond while Judge Polling took his case under advisement.

Sanfilippo told the court that he got the stuff from two men who drove up to his place several nights ago with a truck load of "moonshine." They left the liquor there for him to sell, he said, even though he refused to do so.

Several months ago Sanfilippo was fined \$500 when prohibition authorities found a gallon of liquor hidden at his home. Judge Polling deferred sentence for another day, and the prisoner was returned to jail.

Mystery Surrounds Robbery of New York Woman

NEW YORK—(By Associated Press)—Edith Bobe, designer of frocks for the murdered Dorothy King and Louise Lawson, "Broadway Butterflies," early today was robbed of \$25,000 worth of jewels by four bandits who operated similarly to those who victimized one-time patrons.

The bandits waylaid Miss Bobe and an escort whose name has not been divulged, when they returned to her apartment in the fashionable East Sixties after a cabaret party. They previously had trussed up and gagged Miss Bobe's maid, a negro, and ransacked the apartment. When the woman's escort protested as they snatched a \$10,000 necklace from her, he was hit over the head with a pistol butt, and robbed of his watch and \$200.

A veil of mystery was thrown about the affair by the couple, Miss Bobe refusing to give the police a description of her stolen gems and her escort hiding himself in anonymity, merely declaring that he "was a member of the Lambs Club and Miss Bobe's friend."

The bandits, armed, but unarmed, greeted the pair as they entered the apartment. They led them to the kitchen where they found the maid, Marie Casper, securely bound and with the end of a blanket stuffed into her mouth. After silencing the escort's protests, the four stripped bracelets and rings from Miss Bobe's arms and fingers, told them to "keep your mouths shut" and leisurely walked away. The maid later explained they had been treated with the use of a pass key.

# DRIVE FOR PEKING IS BEGUN

Key Town Is Captured By Invading Forces

## TERFIC BATTLE RAGING

Manchurian War Lord's Army Gaining Ground

OSAKA, Japan.—(By United Press)—A terrific battle raged today in the north of China where Chang Tso Lin's Mukden troops came in contact with the Chi Li army of Wu Pei Fu on Monday.

The Manchurian war lord's forces were everywhere successful in the initial clash, according to the Osaka Mainichi's correspondent, who is on the battlefield.

Chang's troops now completely control the town of Putu Ying Tse, 12 miles east of the important city of Chao Yang where the fighting started.

This conflict north is the start of the Manchurian leader's drive for Peking and of warfare that is likely to prove far more decisive than the civil war than the fighting around Shanghai, the correspondent telegraphs.

Chang Tso Lin, however, denies taking the initiative.

## DRAMATIC PICTURE

The correspondent cables a dramatic picture of the confusion in the battle area which is just within the border of the Pe Chi Li province, as follows:

"Towns and villages in the vicinity have been completely deserted by their inhabitants, who fled carrying household goods with them as they avoided a pestilence or an earthquake.

"Stations along the Peking-Mukden railway along which the fighting centers are crowded with refugees, whose plight is pitiful.

Shan Hai Kwan, where the railroad pierces the great wall of China, has become the center of the Chi Li forces. Three thousand trained fighting men already have arrived from the capital. Their stoic demeanor contrasts with the terror of the refugees.

"Wu Pei Fu is rushing his troops northward. All available troops north of Tien Tsin are expected to arrive at Shan Hai Kwan within a few days.

"A desperate and decisive battle is expected to take place soon at this important railway point and it is here that the fate of Wu Pei Fu or Chang Tso Lin probably will be settled."

"Another center of battle will develop where two thousand Wu Pei Fu troops are concentrated."

## SHANGHAI BATTLE

SHANGHAI.—(By Associated Press)—Reinforcements from the Peking government, to be thrown into battle against the Chiang forces defending Shanghai, were reported 85 miles west of here at 11:45 p.m. last Sunday according to a messenger from the Kiangsu front who returned here today.

The troops, 3,000 in number, were well armed and equipped and were moving toward the Shanghai front in two special trains on the Shanghai-Nanking railway, the messenger said.

Wounded Kiangsu troops returning from the Liuhuo front where a fierce battle was in progress today for possession of territory adjacent to Woosung, and Dr. F. A. Wilmett, attached to the Kiangsu army medical corps at Quinsan, said, "we have been fighting waist-deep in water, through continual downpours. The Kiangsu troops are most stubborn opponents and have been employing grenades and land mines with destructive effect."

The American Red Cross corps from Nanking headed by Dr. Price and Dr. Stewart is assisting in the care of the wounded between the Kiangsu lines.

Owing to the use of many dialects by Chinese which in some cases renders the language of soldiers ten miles separated useless as a common tongue, confusion was expected in the Kiangsu forces when the troops from remote stations came to the front.

It was reported here today that a special train which arrived at Soochow on Sunday from Peiping brought two airplanes of German type to replace machines which had been destroyed in a raid.

## SPEAKS AT MISSOURI RALLY

Gigantic Barbecue Held on Occasion of Visit

EASTWOOD FARM, BUNCETON, Mo.—(By Associated Press)—John W. Davis, Democratic candidate for president, spent today resting at the farm home of Dr. Arthur W. Nelson, Democratic nominee for governor of Missouri, and working on the address he will deliver at Des Moines Wednesday night.

Yesterday Davis opened the campaign in Missouri with the address here in which he assailed the Republican party "special privilege" act, and promised that if elected he would furnish a government "honest thru and thru, from top to bottom."

From Des Moines, Davis carries his campaign to Chicago where he is to speak Thursday night. While the schedule after leaving Chicago has not been definitely determined, several addresses in Indiana have been tentatively set.

Davis yesterday appealed for the support of "all those patriotic men and women to whom good government is more important than the victory of any party."

A gigantic barbecue was held at Eastwood Farm on the occasion of Davis' visit. Thousands of persons from city and farm gathered for the event. A heavy rain that began falling soon after the conclusion of Davis' address transformed the roads into slippery, muddy highways over which motorists battled through the night on the return to their homes.

and Dale Willis, 21-year-old al-  
leged "scroffions," who pleaded  
not guilty when arraigned Monday  
on liquor possession charges.  
She was fined \$500 and costs to  
her trouble and continued to tell

Willis are in jail in default of

### PLEADS GUILTY

Two small boys, a Negro and his  
support was Mrs. O'Neal and her  
restaurant, were taken to the de-  
tention home Tuesday, while  
they will remain until Oct. 16, as  
claimed by their mother, who is  
attempting to devise a means  
whereby she can raise \$500 and  
gain her freedom.

Police are working on the theory  
that the liquor belongs to the  
woman who enlisted the aid of  
the two boys in disposing of it.

Rosa Santilli, who pleaded  
guilty to possessing four quarts  
of alleged home-made "hooch"  
which police found at his home

Mystery Surrounds Robbery of  
New York Woman

NEW YORK—(By Associated  
Press)—Edith Bobe, designer of  
frocks for the murdered Dorothy  
King and Louise Lawson, "Broad-  
way Butterflies," early today was  
robbed of \$25,000 worth of jewels  
by four bandits who operated  
similarly to those who victimized  
her one-time patrons.

The bandits waylaid Miss Bobe  
and an escort whose name has  
not been divulged, when they re-  
turned to her apartment in the  
fashionable East Sixties after a  
cabaret party. They previously  
had trussed up and gagged Miss  
Bobe's maid, a negro, and ran-  
sacked the apartment. When the  
woman's escort protested as they  
snatched a \$10,000 necklace from  
her, he was hit over the head with  
a pistol butt, and robbed of his  
watch and \$200.

A veil of mystery was thrown  
about the affair by the couple.  
Miss Bobe refusing to give the po-  
lice a description of her stolen  
gems and her escort hiding him-  
self in anonymity, merely declar-  
ing that he "was a member of the  
Lambs Club and Miss Bobe's  
friend."

The bandits, armed, but un-  
masked, greeted the pair as they  
entered the apartment. They led  
them to the kitchen where they  
found the maid, Marle Casper, se-  
curely bound and with the end  
of a blanket stuffed into her  
mouth. After silencing the es-  
cort's protests, the four striped  
bracelets and rings from Miss  
Bobe's arms and fingers, told  
them to "keep your mouths shut"  
and leisurely walked away. The  
maid later explained they had en-  
tered with the use of a pass key.

### CHARGE OF MURDER CHANGED TO HOMICIDE

CANTON—A charge of mur-  
der placed against Earl Koehler  
of Magnolia, ten miles south of  
here, in connection with killing  
of Charles Roof last Friday, was  
changed to a charge of homicide  
by County Prosecutor C. B. Mc-  
Clintock today.

Koehler is accused of killin-  
g Roof when he found him with  
Mrs. Koehler in their home.

Many people are asking that  
prosecution of Koehler be  
dropped, McClintock said. He in-  
dicated that when the case  
comes before the grand jury he  
would ask that a no-bill be re-  
urned.

Arrangements are being made  
to release Koehler on bond, as  
McClintock fears the case will  
come before the present grand  
jury.

Clinton Duder, of St. Johns,  
son of District Grand Master  
Charles Duder, of the Scottish  
Freemasons of New Newfoundland.

Whit, and King were members  
of a party of 14 veterans of the  
New Newfoundland regiment who had  
held a reunion at a country inn  
and were boarding a bus beside  
the road. The British officers  
and others were in the car driven  
by Reid, which was returning from  
a late supper with friends among  
the crews of the British special  
cruiser squadron which is anchored  
in Conception Bay.

As for cutting out part of the  
woods to make more room for  
running cattle, Gray said that he  
is not disposed to tell any tales  
on the place.

He thinks that perhaps the  
idea of an orchard is a good one  
since it will be a constant  
temptation to the children to pick  
the fruit and perhaps result in  
being more of a bother than a  
saving. He is in favor of setting  
out a few trees at least as an ex-  
periment.

Gray admitted a truck to con-  
vey children to and from school  
is used, but he declared that in  
his opinion a tractor is not need-  
ed on the farm. There is only  
29 acres of land all told and only  
half of it is in cultivation.

As for acquiring more milk  
cows, Gray said if anything is  
done along that line it will be to  
get better cows, rather than in-  
crease the size of the herd.

Commissioners are making  
some changes along this line at  
the county fairway where they  
plan to substitute milk breeds for  
the beef types now in use. The  
cows in both institutions are too  
old, Gray declared, and do not  
produce enough milk.

## DRIVE FOR PEKING IS BEGUN

Key Town Is Captured By Invading Forces

### TERRIFIC BATTLE RAGING

Manchurian War Lord's Army Gaining Ground

OSAKA, Japan.—(By United Press)—A terrific battle raged today in the north of China where Chang Tsu Lin's Mukden troops came in contact with the Chi Li army at Wu Pei Fu on Monday.

The Manchurian war lord's forces were everywhere successful in the initial clash, according to the Oita Mainichi's correspondent on the battlefield.

Chi Li's troops now completely control the town of Putu Yung Tse, 12 miles east of the important city of Chia Yang, where the fighting started.

This conflict north is the start of the Manchurian leader's drive for power and of warfare that is likely to prove far more decisive in China's civil war than the fighting at and Shanghai, the correspondents telegraphs.

Chang Tsu Lin, however, denies taking the initiative.

### DRAMATIC PICTURE

The correspondent cables a dramatic picture of the confusion in the battle area which is just west of the border of the Pe Chi Li rice, as follows:

Towns and villages in the vicinity have been completely deserted by their inhabitants, who fled carrying household goods with them as the avoiding a pestilence, as earthquake.

On a road along the Peking-Mukden railway along which the railroads are crowded with refugees, whose plight is pitiful.

Shan Hai Kwan, where the railroads pierce the great wall of China, has become the center of the Chi Li forces. Three thousand trained fighting men already have arrived from the capital. Their stoic demeanor contrasts with the terror of the refugees.

Wu Pei Fu is rushing his troops northward. All available roads north of Tien Tsin are expected to arrive at Shan Hai Kwan within a few days.

A desperate and decisive battle is expected to take place soon at this important railway point and it is here that the fate of Wu Pei Fu, or Chang Tsu Lin probably will be settled.

Another center of battle will be Pao I where two thousand Wu Pei Fu troops are concentrated.

### SHANGHAI BATTLE

SHANGHAI.—(By Associated Press)—Reinforcements from the Peking government, to be thrown into battle against the Chinese forces defending Shanghai, were reported 85 miles west of here at 11:45 p.m., last Sunday, according to a messenger from the Kiangsu front who returned today.

Two troops, 3,000 in number, well armed and equipped were moving toward the Shanghai front in two special trains on the Shanghai-Nanking line, the messenger said.

Wu Pei Fu's troops reflecting on the Luohu front where a fierce battle was in progress today for possession of territory adjacent to Wusong, the Dr. F. A. Wilmett, attached to the Japanese army medical corps at Quinsan, said, "we have been getting waist-deep in water with continual downpours. The Chinese troops are most stubborn opponents and have been throwing grenades and hand bombs with destructive effect."

The American Red Cross corps of volunteers, headed by Dr. George E. Stewart, is assisting the care of the wounded before the Kiangsu lines.

Care to the use of many dialects Chinese which in some cases do not know the language of each other miles separated used a common tongue, confusion was expected in the Kiangsu front when the troops from both sides came to the attack.

It was reported here today that a special train which arrived Saturday on Sunday from Peking brought two airplanes of the Chinese air force to replace machines which had been in use a week ago in trial flights.

## DAVIS HITS G.O.P. TARIFF ACT

Branded Special Privilege By Democratic Nominee

SPEAKS AT MISSOURI RALLY

Gigantic Barbecue Held on Occasion of Visit

EASTWOOD FARM, BUNCE TON, Mo. — (By Associated Press) — John W. Davis, Democratic candidate for president spent today resting at the farm home of Dr. Arthur W. Nelson, Democratic nominee for governor of Missouri, and working on the address he will deliver at Des Moines Wednesday night.

Yesterday Davis opened the campaign in Missouri with the address here in which he assailed the Republican party "special privilege" and the Fordney-McCumber tariff act, and promised that if elected he would furnish a government "honest thus and thrice, from top to bottom."

From Des Moines, Davis carries his campaign to Chicago where he is to speak Thursday night. While the schedule after leaving Chicago has not been definitely determined, several addresses in Indiana have been tentatively set.

Davis yesterday appealed for the support of "all those patriotic men and women to whom good government is more important than the victory of any party."

A gigantic barbecue was held at Eastwood Farm on the occasion of Davis' visit. Thousands of persons from city and farm gathered for the event. A heavy rain that began falling soon after the conclusion of Davis' address transformed the roads into slippery, muddy highways over which motorists battled throughout the night on the return to their homes.

# DAWES PLAN IS CRITICIZED

American Bankers Profit, Is Feeling In Europe

BIG LOANS NEGOTIATED

Closer Relationship Appears Imminent Among Powers

By J. W. T. MASON  
(United Press)

After having struggled hard to get the Dawes Plan into operation, Europe already has begun to criticize it, and to predict that it will satisfy nobody except the American bankers. The impression is growing everywhere in Europe that the Dawes plan is an American financial device to safeguard the various loans floated by European countries in the United States, privately, since the war.

The Europeans do not indicate any belief in the ability of the Dawes Plan to accomplish this purpose but nobody across the Atlantic wants to antagonize American financial interests. Many more loans are being planned for inclusion in the American market, and it is also the expectation of the Europeans that sometime, owing to pressure of the American bankers, the United States government will wipe off Europe's war debts.

There is a report in England that neither France nor Germany wanted the Dawes Plan, but that both wish to keep on friendly terms with Wall Street, and so agreed to accept the proposal. Acceptance, however, is only tentative matter. Nothing whatever is permanent in the present arrangement, and the operation of the agreement will be brought to an end as soon as the time is ripe for it.

The German ministry, under Chancellor Marx, is a minority government; and the it selected the votes of two-thirds of the Reichstag for the Dawes Report, the votes were given under duress, and unquestionably will be repudiated whenever this policy suits the German nationalists.

The British government of Premier MacDonald is also a minority government, and its efforts to push the Dawes Plan thru have pledged both the Conservatives and Liberals to its support. The next government of Great Britain can take any attitude it pleases toward the matter.

The government of Premier Herriot is the most infirm in Europe, and may be overthrown in moments. The French policy in all international problems at present is constantly fluctuating and cannot be stabilized because the French want all they can get and do not know how to get it.

If the Dawes Plan works in the way Europe wants it to work, it will bring America closer to the European nations and will open American money-bags to coincide with trans-Atlantic desires. If it doesn't work this way, then the Dawes Plan is destined to be discarded within a comparatively short while.

The raising of a loan of \$200,000,000 for Germany is not exciting Europe to any extent whatever. The Europeans know the loan may never be repaid; and if it does, in Great Britain, who are the chiefest international bankers in the world, are beginning to advise their countrymen to keep out of Germany. Germany will not consider the loan in debt of honor, since the purpose is only to facilitate the payment of the war indemnity. If the time comes when the loan can be repudiated without damage, the Germans will do it.

**REV. SHOCK ASSIGNED TO NORTH BALTIMORE**

COLL MINTON GROVE — The Sunday conference of the United Methodist church which closed Sunday in meeting room, assigned Rev. M. J. Gerberlein to this place as pastor.

As was expected, Rev. J. W. Shock was not recruited. He had done faithful and efficient work before according to members of the official board of the church, and his return would have been gladly accepted. He has been here a number of years and of his own accord, asked to be transferred elsewhere to the conference. He goes to North Baltimore.

**Stiff Joints Relieved With Old Holland Remedy**

There's no excuse now for continued suffering from the torture of joint pains in sole knee, hip, elbow, shoulder, finger, spine. A famous oil remedy discovered over 250 years ago by a Holland chemist, gives pain-free, sound joints again, miraculously short time by taking the extract.

These pains are due to some kind of internal infection, often hidden in other parts of the body, which becomes aggravated by cold weather. The amazing oil, imported from "Holland," breaks up and banishes the "parasitic" poison, by getting at the cause and thus removes stiff, infirmed, painful, crooked joints so quickly you'll be amazed.

All you have to do is to take two Iftone Tablets after each meal and two at bedtime for two weeks.

Then if your energy and endurance haven't increased, if your joint pain's sharper and more bitter, if you don't feel optimistic or old, Arnica, Zinc Sulfur or any drugstore anywhere will return the purchase price—gladly and freely. 72 tablets \$1.00.

PARCEL POST TERMINALS TO FACILITATE HANDLING OF MAILED ARE SUGGESTED

INDIANAPOLIS — Establishment of parcel post and third class mail terminals in every state, to facilitate quicker handling of these classes of mail, will be among the recommendations to the U. S. postoffice department proposed by the National Association of Postmasters of the United States which meets here Sept. 25.

Only a few large cities have such terminals at present, and the concentration of this type of mail in these cities is resulting in contention which the postmasters believe can be relieved by establishing similar terminals in each state.

Other recommendations expected to be made is that the government bond its employees, adoption of legislation abolishing the compensatory time feature for employees who work on Sunday or holiday, new regulations which will permit return of mail posted with insufficient stamps to senders, and more stringent rules governing containers in which eggs may be shipped to reduce breakage in the mails. The speakers before the meeting include Postmaster General Harry S. New.

## PASTOR AGAIN UP FOR TRIAL

Conference To Pass on Kentucky Girl's Charge

NEWPORT, Ky.—(By Associated Press)—Rev. William F. Gregory, pastor of Grace M. E. church, Newport, today went to Ashland, Ky., where he is to stand trial before the Kentucky Methodist church conference on charges preferred by Miss Anabel Fisher, formerly a choir singer in his church. Rev. Gregory took with him a petition signed by nearly all members of Grace church and approximately one thousand other persons asking that he be reassigned to his pastorate.

The young woman charged that Gregory attacked her in the church study on January 17, of this year. When arraigned in police court on the same charge last week, the minister presented an alibi, declaring that on the night and hour in question he addressed a patriotic meeting in another part of the city. In this he was substantiated by several other witnesses who said they attended the meeting. Judge Moore took the case under advisement and is expected to hand down his decision today or tomorrow.

**RUSSIA'S ONLY ELEPHANT CREATES EXCITEMENT ON BEING LED THRU STREETS**

MOSCOW — Moscow has witnessed many strange sights, but none more unique than the passing thru the city at dawn the other day of an enormous Indian elephant presented by the Bokhara Council of Commissioners to the Zoological Garden of the Moscow Soviet. Two companies of mounted militia, innumerable guards and a dozen caretakers guided the huge beast from the railroad station to the menagerie, followed by such small boys as were awake at that early hour of the morning.

This is the only elephant in captivity in Russia, as previous pachyderms disappeared during the terrible famine period of 1920-1921, having either died of starvation or been eaten by the famished population. The Bokhara elephant weighs seven tons, morning swim and play water and has been christened "Bozh-pela," the great lady by the Moscow Soviet, of the attitude of the Danish scouts. A ton of American peanuts and in return has been ordered by the local geographers a help.

## PARIS SEES END OF BOBBED HAIR

Milliners Predict Milady Is To Adopt Change

PARIS -- (By United Press) — Bobs and shingles are failures—they must go.

Such is the growing sentiment of the fashion center of the world. The super-feminism of the French girl is reacting because she has discovered that men do not like cropped hair on their women. That is reason enough, for its virtues in comfort and simplicity mean nothing if it dulls the rapture of feminine charm.

The arts of the milliner and the hairdresser now working on winter styles are inspired by the necessity of concealing that ugly shaved neck. Jeweled bandeaux are the fashion for evening wear and afternoon hats droop down in back.

Fashionable coiffeurs agreed that the shingle mode is dead and only nature is now keeping hair shot. They give many reasons, the chief being that the mode only suited a small minority of women, and it became general because it had to be tried to be realized. It was chiefly ugly with the stout and the mature, they say, and troublesome to the brunettes because of the grim necessity for neck shaves almost daily.

Frenchmen with beards don't want their shingles challenged when they reach for that wistful curl on the back of milady's neck," said one coiffeur.

Milliners say cropped hair defeats their art because hats ruin the effect of the shingle, and well-dressed women demand chic hats, which are impossible if they reveal or conceal too much of the neck. Modists say the reaction is psychological, that women's fashions have been growing more feminine ever since the war and bobs and shingles are not in consonance with the frills and ruffles of present vogues.

But it is the midinette or the dancing girl who will perhaps give her explanation, and she will invariably say: "Men do not like it."

**PORTUGAL'S PRESIDENT IS PUNCTUAL TO SECOND**

LISBON — The president of Portugal, Teixeira Gomes, is punctual to the second at all engagements, and had found a way to show his ministers that he will not be kept waiting.

A few days ago Senior Gomes had an appointment at the municipal chamber. He arrived exactly on time, but not a single member of the council was present. The president waited just five minutes and then leaving his card on the council table, drove back to the palace.

A meeting was arranged for the next day at the same hour, and the president was the last man to arrive.

**DANISH PUBLIC GIVES SCOUTS WARM WELCOME**

COPENHAGEN—American Boy Scouts still hold first place in the hearts of the Danish public. Newspapers have all lauded their fine hearing, excellent equipment and their tremendous power for cheering and uttering weird and penetrating noises.

The American scouts are delighted with their visit and particularly pleased by the proximity of the place where they take their morning swim and play water games.

The Bokhara elephant weighs seven tons morning swim and play water and has been christened "Bozh-pela," the great lady by the Moscow Soviet, of the attitude of the Danish scouts. A ton of American peanuts and in return has been ordered by the local geographers a help.

## Three Men

In every woman's life there are three men; the one she could have married, the one she should have married, and the man she married. Sometimes her husband is all three.

BY BEN DAY

"T. Magic Ring" is above all two things—Mitzi and music.

Mitzi was as charming as ever Monday night at the Faurot opera house. Her artless sincerity won the hearts of her audience from her first appearance and there was not a move she made but what received the whole-hearted attention and approval of the crowd that more than filled the house.

While the delightful star has been before the public for well, let's not try to remember just how long, she still has that childlike frankness that makes it possible for her to convince us she is what the character is supposed to be. She is very much in earnest and seems to enjoy every minute of the performance as much as we do.

Sensibly the Henry W. Savage production was all that could be desired. The prologue was splendid and the scenes in the Henry Brockway antique shop were especially well arranged.

The musical numbers two end out perhaps more than the others. They are "The Love Song" of yesterday and today and "Dish in Someone's Heart." They are tuneful and the kind that can be sung by the average person.

Supporting Mitzi was first of all Sidney Greenstreet, the bibulous owner of the antique shop who was always ready to drink someone's health or his own. His work adds just the right touch to the play. Janet Murdoch as wife, also had a good part.

Bud Marshall, as the composer who marries Polly (Mitzi), and Janet MacDonald, the society dame who was to have a sage career, pleased the audience as did Hazel Gladstone, danseuse, and Adrian Rosley in the part of Mrs. Bernheimer.

But despite its other qualities, the play will be that part of "The Magic Ring" that will be remembered when all else is forgotten.

## TWO PERSONS INJURED IN AUTO CRASH SUNDAY

CLOVERDALE — (Special)—Edna Smith, Kaitida, and Kenneth Price, of Findlay, were slightly injured near here Sunday morning when their automobile plunged from the road to the Auglaize river bed, a distance of 20 feet.

The car plunged thru a guard rail at the side of the road, and over several times and ended upright in the river. The wrecks were thrown from the car which was almost a complete wreck. Smith was treated by a physician.

STRANGE CASE

FORT JENNINGS — An unusual condition exists here in the public schools. There are no pupils entering after the first or second grades. The attendance at the close of the first week reached 166.

NEWARK—Three garages and auto sales buildings were burned down today.

A blaze starting from a short circuit in an automobile was blamed. The damage was \$150,000.

Twenty-five automobiles were destroyed in the garage and \$1200 in currency was burned. The safe door had been left open.

Jack McVey, a boy who was helping fight the blaze was severely burned on the arm.

Thereafter, the senator is booked for five speeches in principal Ohio cities and addresses worked on during recent days indicated that his intention is to discuss the administration of former Attorney General Daugherty at considerable length before citizens of Mr. Daugherty's state. Some what the same policy will be adopted at his speaking dates in Illinois.

As to Stuart Holmes' elimination in the play there can be no doubt. It is merely a matter of means. He is the one who gets shot for his sinister persistence. Villains have no right to love. One may not even feel sorry for them. Holmes' portrayal makes it easy for the beholder to sustain this comforting attitude toward villains.

Despite its lack of originality, "In Every Woman's Life" has an air, a swing and manner of presentation which should give it wide entertainment scope.
